Original Epson DX5 heads

Original Epson DX5 eco-solvent print heads reach true 1440dpi, deliver outstanding printing speed and stunning printing quality.

GZ Greyscale Technology

GZ Greyscale Technology delivers flawless skin tone, smoother gradient, crisp text and intricate detail without compromising speed.

Auto Capping & Wiping System

Auto Capping & Wiping System perfectly cleans the print head nozzle face to achieve excellent printing quality and extend the print head life.

IR Drying System

Intelligent IR drying system works synchronously with printing, not only enhancing ink dryness but also saving energy and securing printing.

Improved Core Mechanism

To achieve unparallel printing quality, GZ redesigned the core mechanism including more precise aluminum beam, more flat printing table and more stable grit shaft.

Bulk Ink Supply System

Up to 1.5 L of big ink tanks assure more stable ink supply and reduce maintenance costs.
